### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with John Caccuro on 02/16/2006.
3. The application has been amended as follows:

### ***Allowable Subject Matter***

4. The following is an examiner's statement of reasons for allowance:
  - In reference to claim 1 and 16  
Independent claims 1 and 16 are allowed because the prior record fails to teach or fairly suggest a system or method for maintaining, for each bundle, a cumulative share that relates to the sum of said service shares allocated to respective ones of said data packet flows that are grouped together in the same bundle; computing, for each bundle, a service ratio between the service share allocated to the bundle and the cumulative share of the bundle; and modulating said service shares allocated to

respective ones of the plurality of data packet flows using the service ratio computed for respective ones of the plurality of bundles.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
